What to expect...

Five to ten minutes before your session, you will arrive at our charming home studio, nestled down a winding gravel lane among the rolling hills of WV, just outside the city of Wheeling.

You will enter the studio under the breezeway and make your way down the stairs to the door on your left. There you will be greeted with a warm friendly smile and encouraged to have a seat while you wait with anticipation to be called upstairs for your session to begin.

Following your session, you will return to the waiting area where you can enjoy some snacks & beverages while you wait. In 10-15 minutes you will be called back to view your images. Your children will be cared for while you place your artwork order.
